TERMS OF SALE
(see inside cover)

This is Our Wholesale Trade Catalog

—and is intended only for those engaged in the commercial growing or selling of bulbous stocks. We do not issue a retail catalog nor do a retail business.

WITH the heads of the leading institutions combining in an effort to avert any suspension in business activities, there is every reason to expect the continuity of reasonably good times and the florist trade, therefore, can look to the future with optimism.

Our constantly increasing spring volume has enabled us to effect economies in production and handling and we are pleased to pass these advantages to our customers in the shape of lower prices. We invite your special attention to our very reasonable quotations on the leading florist varieties of Gladiolus and Dahlias.

We are constantly broadening our line and thus maintaining our position as the foremost suppliers of the most complete line

of bulbs and kindred items in the country. We are ever on the lookout for new or old neglected bulbous items which offer commercial possibilities and these are being added to our list from time to time.

Please see Page 21 for our offer on Sansevieria and Page 24 for Wrapped Ferns. We believe that both these items offer opportunity for profitable sales by you.

We take the opportunity of thanking you for your patronage in the past and hope that we may continue to enjoy your good will.

A Few Simple Instructions on the Planting of Spring Bulbs

Practically the entire group of bulbs, corms or tubers which are planted in the spring for Summer flowering are tender—which means that they must not be exposed to temperatures which are at or closely approaching the freezing point.

Weather conditions all over the country are too variable to permit the naming of safe definite planting dates but generally speaking no exposed plantings should be made until the soil has had the benefit of some mild weather. Nothing will be gained in an attempt to anticipate this condition.

We give at right suggestions for the depth of planting and spacing of the leading items:

	Cover Inches	Space Inches
	Deep	Apart
Gladiolus	4 in.	6 in.
Dahlias	4 in.	36 in.
Cannas	3 in.	24 in.
Tuberoses	3 in.	8 in.
Caladium <i>Esculentum</i>	3 in.	24 in.
" <i>Fancy Leaved</i>	2 in.	10 in.
Montbretias	3 in.	5 in.
Begonias	2 in.	12 in.
Hardy Lilies	5 in.	10 in.

ASK FOR THESE FREE DISPLAY CARDS

We will have available for distribution this spring season a new set of standard size (5½ x 7") display cards of many of the most popular items offered in this catalog. They are of great help in the resale of these bulbs and we will include them free with every order upon request.

ABOUT PRICES

We sell six bulbs at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate. Depending upon the extent of our stocks and upon market conditions lower prices can invariably be made on large quantities of any item upon request.

NOTE—With the exception of Dahlias, Tritomas, Peonies and Dielytras which are shipped direct from our growing station at Central Park, L. I., N. Y., all stocks offered in this catalog are quoted F.O.B. New York City and are delivered free to any express or railroad station or any steamship dock within this area. As an added service to our Southern customers we have arranged to make shipments from our Jacksonville warehouse of many of the items listed herein. Customers in the extreme Western States can avail themselves of a similar saving on many stocks by communicating with our San Francisco office located at 925 Howard Street. Sansevierias and Ferns are quoted F.O.B. our Growing Station, Florida.

LIBERAL TERMS TO RESPONSIBLE PARTIES

Our regular terms of sale are as follows: 5% off for cash with order, 2% off for cash within 10 days: final payment to be made within 60 days. These terms will apply in all sales to customers who in turn resell the bulbs.

To the grower and florist, however, we have inaugurated the "GROWERS' TERMS" of sale. They are as follows: invoices for bulbs are payable from responsible florists and growers 10 days after the normal flowering period of the particular bulbs sold, with final payment on late summer bulbs due July 15th. We, in this way, endeavor to assist the florist and grower during the period that the stocks are in growth.

When applying for credit it will greatly expedite matters if you will give us the names and addresses of those firms (preferably members of the trade) with whom you at present enjoy credit privileges.

WHAT WE GUARANTEE. We guarantee that all bulbs leave our farms and warehouses in good condition, packed in boxes or packages substantially secure and sufficiently strong to insure delivery in good condition with reasonable handling. The risk of transportation is one which the customer must absorb.

WHAT WE DO NOT GUARANTEE. We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, nor will we be in any way responsible for the crop. If the customer does not accept the bulbs, roots or seeds under these conditions, they must at once be returned to us and any money paid will be promptly refunded.

Positively no claims allowed unless made within five days after the receipt of merchandise.

THIS CATALOG CANCELS ALL PREVIOUS QUOTATIONS.

F. Rynveld and Sons, 350 Greenwich Street, New York

Gladiolus From Our Long Island Farms

There is a vast difference in the quality of Gladiolus bulbs that is not apparent by an examination of the dry bulbs and one must be familiar with the conditions under which they are grown before determinations can be made of the performing value. Our bulbs—for instance—are all grown from young stock which is a very important factor in the developing of high crown bulbs. We also dip every bulb in Semesan before planting which keeps the stocks healthy and stimulates the growth. Furthermore we do not cut any flowers whatever (except to remove the seedling pods) and this has a twofold advantage in that it permits the new bulb to gain full maturing advantage of the whole plant and enables us to check up and rogue out any bulbs that may be mixed.

Such quality, plus reasonable prices and a well balanced list of varieties of proven merit, accounts for the fact that we handle more Gladiolus bulbs than any other firm in the East.

We advocate the extensive use of second size bulbs for outside planting. Their smaller cost generally more than compensates for the small difference in flowering time and very often the spikes produced by these younger bulbs are finer than those of the larger bulbs.

ALICE TIPLADY. (Primulinus). Beautiful saffron color and one of the best known and finest of the Primulinus types. Its attractive color is not approached in any other variety. Splendid for forcing or outside planting \$2.15 \$18.00 \$1.70 \$14.00

AMERICA. Soft lavender pink. An old favorite and still popular, although there are many finer kinds of the same color. Stocks are now much depleted and only small quantities available.....

ANNA EBERIUS. Dark velvety purple and an extra fine variety in this color.....

BALBOA. A clear glowing apricot pink, blending into a warm yellow throat. Seven large, well opened, excellently placed, somewhat reflexed flowers of good texture open at once. Won best seedling (three spikes show) at the California Gladiolus Society Exhibition

BARON JOS. HULOT. Deep violet blue and still the finest of this color.....

BEAUTY. (Primulinus.) Deep salmon pink, slightly frilled. Exceptionally beautiful color.....

BLERIOT. This variety combines the color combinations of splendid qualities of Halley and Pendleton for it has a salmon pink outline with a beautiful large blotch and splendid form and substance. It promises to be a splendid commercial kind

BYRON L. SMITH. An orchid color Gladiolus with blendings of blue, yellow and white.....

CAPTAIN BOYNTON. Delicate lavender with deeper blotch on lower petal. Well formed spike on long, strong stem

CATALINA. Bright rosy pink primulinus with vivid lemon yellow throat. The pink is most intense at the outer edges of the petals and becomes more delicate toward the center of the flower, blending with the yellow gradually. Medium size, well spaced in open airy form. Tall, slender and graceful

CATHARINA. A combination of lavender and lilac colors, with violet throat. With the present demand for light blue Gladiolus, "Catharina" is selling well and is very popular.....

CHICAGO WHITE. A popular early white variety with small lilac blotch on lower petals.....

CRIMSON GLOW. This variety is considered the finest deep crimson. It is a tall, strong, grower with flowers well placed.....

DAWN. Salmon pink with lighter shadings. Wine throat. Strong vigorous grower.....

DR. F. E. BENNETT. This is among the finest of the new reds. Tall, sturdy grower with well arranged flower formation and highly regarded by all who see it

DREAM. Large massive blooms of deep salmon red with very showy blotches and nicely ruffled. Extra fine

DUCHESS OF YORK. The finest of the new blues. We are glad that our larger stock of this fine variety enables us to lower the price considerably this season

NEW GLADIOLUS "FORTUNA"

"World's Foremost Bulb Growers"

Long Island Grown Gladiolus—(Contd.)

NEW GLADIOLUS "EXCELSIOR"

EARLY SUNRISE. This is our choice as the finest and the most profitable of the early varieties of Gladiolus. It makes a large, heavy spike which has an appeal to the average buyer and invariably brings the top price. The color is flame red overlaid with silver stripings and sheen. Extra fine for forcing and outside planting.....

EVELYN KIRTLAND. Rosy pink with darker margin and brilliant scarlet blotch on lower petals. A very fine variety.....

3.60 30.00 2.90 24.00

EXCELSIOR. Has a color combination similar to Mrs. Frank Pendleton but is taller and earlier and for these reasons offers good possibilities

7.15 60.00 5.75 48.00

FAY LAMPHIER. A very fine new variety that has attracted much attention on the Coast, where it originated. Beautiful rose pink with all the qualities of a leading gladiolus

5.40 45.00 4.30 36.00

FLAMING SWORD. The outstanding new European red. Flowers in single row formation with six and more open together. Color is soft red. This variety has great commercial promise on account of its extreme earliness.....

4.80 40.00 3.90 32.00

FORTUNA. Pure sulphur yellow with no markings whatever. Very large and tall with flowers in good double formation. By far the largest yellow we know of and a great exhibition variety. 1st size, per doz., \$9.00; 2nd size, per doz., \$7.50.....

GENESEE. (Primulinus). Large pale yellow Primulinus. Erect, strong and vigorous grower of good form.....

5.40 45.00 4.30 36.00

GIANT NYMPH. Without a doubt one of the largest and finest varieties—one that has lived up to all the great things said about it when first introduced. Color is "La France" pink with a creamy yellow throat; large wide open flowers well placed; 6 to 7 open at a time on a huge spike.....

4.80 40.00 3.90 32.00

GOLD. A fine self colored yellow. The flowers are well arranged and it ranks well among the best of this color.....

5.40 45.00 4.30 36.00

GOLDEN MEASURE. Extra fine large yellow. This is no doubt the finest commercial yellow

5.05 42.00 4.10 34.00

	1 1/2" and up 100	1 1/4" to 1 1/2" 100
GRETCHEN ZANG. La France pink with lower petals blotched deep rose and scarlet. A strong grower and favorite cut flower variety.....	\$2.40	\$20.00
	\$1.90	\$16.00

HALLEY. Delicate salmon pink with creamy blotch and darker stripes. Very early and for this purpose used most extensively..... 2.15 18.00 1.70 14.00

HELGA. (Primulinus). This is a tall, handsome, grandiflora variety that is attracting lots of attention. The color is dark coral pink and it is remarkably free flowering..... 3.00 25.00 2.40 20.00

HERADA. Pure mauve. Large, well formed spike. We have a splendid stock of this beautiful variety 2.65 22.00 2.15 18.00

ISIS. A striking late red variety of splendid form having five and six flowers open together. It blooms after the main varieties are finished and is therefore valuable 3.60 30.00 2.90 24.00

JEWEL. (Primulinus). A combination of apricot and yellow with canary throat. Very large open flower without the objectionable hood and altogether a splendid kind 3.00 25.00 2.40 20.00

LE MARECHAL FOCH. Slightly more pink and much larger than America. As early as Halley 2.40 20.00 1.90 16.00

LENA GRAETZ. This variety is now considered as the leading commercial white. It has all of the qualities demanded of a first class Gladiolus, being a free bloomer, sturdy and healthy grower and producing well formed spikes of pure white with very slight throat markings.

1 1/2" and up, 100, \$6.60; 1,000, \$50.00
1 1/4 to 1 1/2", 100, \$4.80; 1,000, \$40.00

LILAC WONDER. (Primulinus.) This variety fills a demand for strong growing lilac Primulinus. Its graceful form and pleasing color make it admired by all and we predict that it will become very popular. It holds up well in hot weather and has no objectionable hood. Midseason.

1 1/2" and up, per 100, \$12.00; 1,000, \$100.00
1 1/4 to 1 1/2", per 100, \$9.60; 1,000, \$80.00

L'IMMACULEE. Tall, pure white with many flowers open at the same time. An early and dependable forcer. Well liked..... 3.60 30.00 2.90 24.00

LOS ANGELES. Commonly referred to as "the branching Gladiolus" due to the fact that it produces several lateral stems all of which make good flowering spikes. Color shrimp pink, orange carmine throat. We consider this as an outstanding commercial pink. Note our very special price.

1 1/2" and up, 100, \$3.00; 1,000, \$25.00
1 1/4 to 1 1/2", 100, \$2.40; 1,000, \$20.00

MABEL IRVING. An excellent clean, warm pink. Flowers large, ruffled wide open and of good texture. Florets are well placed with six open at a time on a tall straight stalk..... 10.00

MAIDEN'S BLUSH. (Primulinus.) This variety is holding its own as among the leading forcing and early flowering kinds. The color, a delicate peach pink, is not excelled in any other kind. Large bulbs usually produce two spikes each..... 1.90 16.00 1.55 13.00

MARSHAL FOCH. (Kunderd.) La France pink, with scarlet blotch in throat. Large, wide open flowers produced on sturdy stems. A very fine variety 5.40 45.00 4.30 36.00

New White Gladiolus
"PUREST OF ALL"

PUREST OF ALL

We have consistently maintained that this is one of the finest exhibition white varieties available and now that our larger stocks permit of lower prices we know that it will go over big.

1 1/2" and up, per doz. \$1.55; per 100 \$10.80; per 1,000 \$90.00.

1 1/4" and up, per doz. \$1.25; per 100 \$8.65; per 1,000 \$72.00.

MISSION BELLS. Here is a wonderful thing. Beautifully hooded primulinus of rich orange pink. Tall and very graceful with six beautiful bell-like florets open at a time on a tall wiry delicate spike. An unusual flower for baskets and table decorations.....	10.00

Featuring the Most Popular of All Gladiolus
MRS. FRANK PENDLETON

In spite of the many fine varieties being added every year this Gladiolus still maintains its position as head of the commercial group.

The color is rosy pink with lavender shadings and a pronounced dark carmine blotch. Its form and substance leaves nothing to be desired.

We are glad that our large stock of fine variety enables us to offer at the following prices:

1 1/2 in. and up.....	per 100, \$2.40; 1,000 \$20
1 1/4 to 1 1/2 in.	per 100, 1.90; 1,000 16

Long Island Grown

We do not boast novelties because we happen to grow a large stock, but rather seek to offer our customers a concise list of the better kinds after thorough trials and many eliminations on our own farms.

Long Island Grown Gladiolus—(Contd.)

VIRGINIA

The Sensational New Red

For the last few years we have endeavored to impress upon our customers the wonderful qualities of this flower and those who have accepted our opinions have benefited by this "hot tip." It is without doubt the finest red forcing gladiolus on the market today. Its earliness and lasting brilliancy have created for it a phenomenal popularity. It is a pure scarlet with a slightly lighter throat, with large open flowers facing one way. Whether for outside or for forcing there is nothing of its color equal to it.

1 1/2 in and up\$2.40	\$20.00
1 1/4 to 1 1/2 in.1.90	16.00

We can also supply 1-inch bulbs (third size) of many varieties listed here at 20% below 1 1/4-inch prices.

Again last season our Long Island Bulbs, in the hands of prominent, experienced Gladiolus forceurs (names on request) have demonstrated their forcing quality by flowering from two to three weeks ahead of bulbs produced in other sections. The flowering percentage—many bulbs threw more than two spikes—was also higher.

F. Rynveld and Sons, 350 Greenwich Street, New York

The Four Leading Cut-Flower Dahlias

reproduced in natural colors on this and following three pages.

WHILE Dahlias have long been garden favorites it is only within the past few years that they have moved into a position of prominence among our most important seasonal cut flowers. This past season saw them recognized as never before and several times they completely dominated several of our big wholesale markets and attained prices that were never heard of before and which made many chrysanthemum growers sit up and take notice. Dahlias are now definitely established as among our great outdoor bulbous cut-flower crops.

The big contributing factor to this new popularity is undoubtedly the fine list of new varieties that has been introduced in recent years, but their distribution out of the hands of a few specialists into many thousands of commercial cut-flower growers all over the country has also aided materially.

Several years ago we undertook the marketing of a select list of established commercial kinds and our large volume enabled us to sell them at lower prices than which they had been generally offered. By rigidly adhering to our policy of limiting the list to those kinds which had actually established themselves in the big markets our sales developed rapidly and now we believe we have the largest Dahlia business in the country.

This year we have added more varieties to the list and they all possess the same exacting qualities. We have lowered prices on many fine ones that are now available in greater quantity.

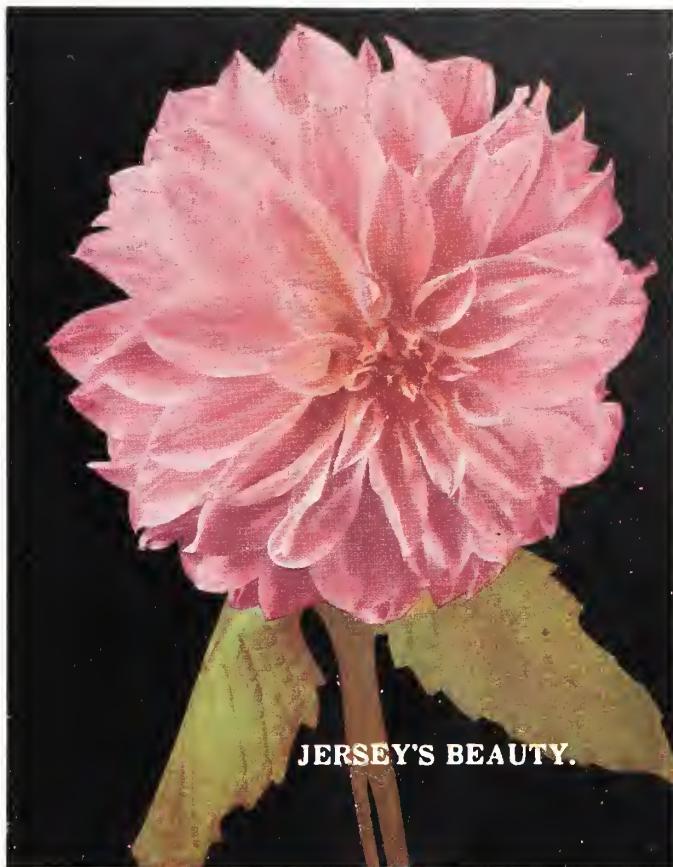

The Four Outstanding Varieties Offered at Lower Prices Than Ever Before!

Of the thousands of new Dahlias that have been introduced and offered for sale in the past few years these four kinds have, by practical demonstration over varied growing conditions and locations, shown that they possess unusual merit in combining all of the attractive features demanded of first class commercial Dahlias.

Long strong stems—which are essential for marketing purposes.

Attractive colors—for everybody likes pink, lavender, yellow and orange.

Good keeping qualities—which are lacking in so many other kinds.

Prolific Bloomers—flowering in great profusion throughout the season.

Easily grown anywhere—adapting themselves readily to all conditions.

JERSEY'S BEAUTY

This Dahlia maintains its position as head of the list of fine market varieties and last season it again yielded a greater return per plant than any variety available in quantity.

A grand color, a beauty for cutting. A real dahlia for florists. This wonderful flower, introduced in 1923, created a sensation, and still heads a class of its own. It is a large, perfectly formed flower, of a clear erosine pink, held upright on a long wiry stem over a well-branched, bushy plant.

It is a real clear florist's color, a wonderful keeper and good shipper. The awards it has gained all over the country surpass, in number, all past records of Dahlia Novelties.

Strong Divisions per doz., \$3.50; per 100, \$25.00; per 1000, \$225.00.

MRS. I. DE VER WARNER

This exquisitely beautiful blossom of soft orchid, or rich rosy mauve, is one of the most admired and best of all cut-flower dahlias that we have grown. This extra large refined, lovely flower with its strong stiff stem, is a prolific bloomer and one of the very best for florist's use as well as exhibition purposes. A fitting combination for Jersey's Beauty.

In addition to being an excellent cut flower variety it is one of the finest garden plants that we know of, for it maintains a mass of bloom on an erect, well-shaped plant throughout the entire season.

We have again lowered our price on this fine kind.

Strong Divisions per doz., \$3.50; per 100, \$15.00; per 1000, \$125.00.

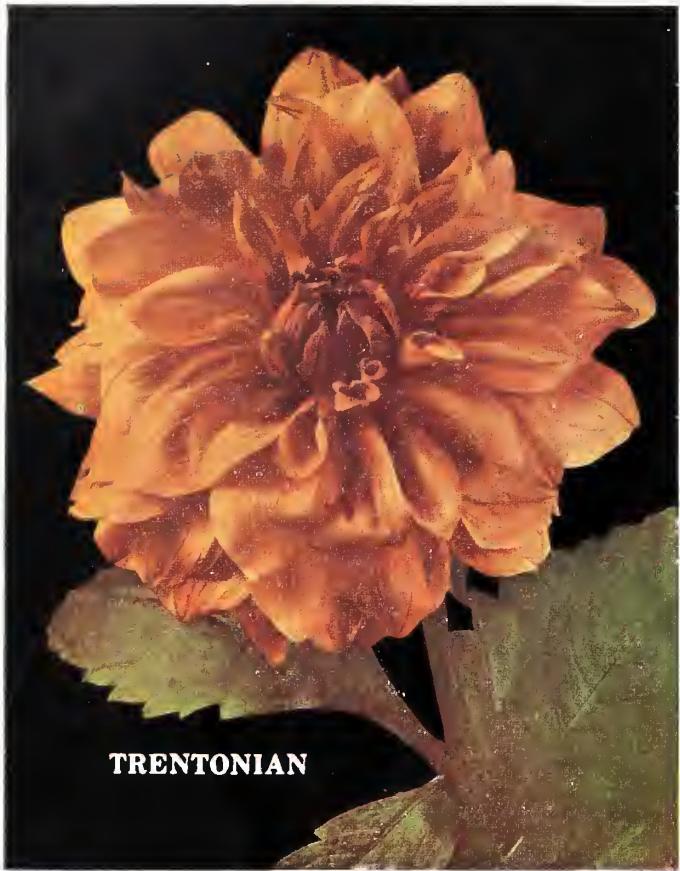

"World's Foremost Bulb Growers"

Leading Commercial Cut-Flower Dahlias

"The Queen of Our Summer Flowers"

WATCHUNG SUNRISE

"The Chrysanthemum Flowered Dahlia"

This is one of the outstanding Dahlias of the past three years. Not only has it been a sensation at all the great Dahlia Shows, as an exhibition and garden flower, but its splendid qualities as a commercial flower have impressed growers all over the country.

In color it is a golden yellow, with a tint of apricot, and rimmed with recurved old-rose petals. Its splendid long rigid stems, holding the large globular flowers upright, are characteristics which must appeal to all Florists. Viewed at a distance a vase of these blooms gives one the impression of huge chrysanthemums. It never shows an "eye" and its petalage is so thickly packed, that they recurve around the stem in a perfect ball, still retaining the full center.

We recommend all florists to lay in a good growing stock now, with a real money-making future before it.

Strong divisions, each \$1.00; per doz., \$10.00; per 100, \$85.00.

(DAHLIAS—Continued Next Page.)

TRENTONIAN

Another grand decorative dahlia to complete the quartet of leaders. It has been a winner everywhere.

The color is that of an "Indian's skin," a wonderful blending of old gold, amber and coppery bronze, the whole forming a flower of marvelous brilliancy, with a central zone of reddish bronze.

The price on this one is also considerably lower than ever offered at before.

Strong divisions, per doz., \$3.50; per 100, \$25.00; per 1000, \$225.00.

SAGAMORE

We are fortunate in being able to include this variety in our list of commercial leaders for the supply has been so closely held that we have experienced difficulty in assembling a supply sufficiently large to permit a general offering at our price.

Pages have been written about the wondrous beauty of this dahlia. Its color—a golden yellow suffused with orange—makes it particularly valuable for early fall decorations—and its habit of growth, free flowering qualities, length of stem and keeping qualities leave nothing to be desired.

We offer this fine variety at popular prices. Strong divisions doz., \$4.75; 100, \$35.00; 1000, \$300.00.

WATCHUNG SUNRISE

F. Rynveld and Sons, 350 Greenwich Street, New York

The Finest Florists' Cut-Flower Dahlias

In continuing our list of selected Dahlias we have exercised great care in confining it to varieties suitable for commercial cut flower purposes.

Dahlia Roots FOR DRY COUNTER SALE

For several years past we have been offering large undivided whole field clumps for store trade, and while aware that these clumps produce no finer flowers than the divisions it is evident that their size makes an appeal when offered for display and the way that our business has increased on this item is proof that this is the most satisfactory method for the retailing of Dahlia Tubers. We will supply Colored Display cards free of charge if you ask for them.

Amaryllis Will Make a Beautiful and Satisfactory House Plant for Your Customers

Rynveld's Giant Flowering Hybrid Amaryllis

RYNVELD'S GIANT FLOWERING HYBRID AMARYLLIS

(Reproduced from a painting by our own artist)

AMARYLLIS

CHOICE HYBRIDS

A re-selected strain of the very largest flowered sorts, ranging in color from almost pure white, through various shades of pink, to the deepest scarlet, some with beautiful markings and mottled throats.

An easily-grown plant of wondrous beauty; a quick seller to those who love an unusual and attractive pot plant for the living room or sun parlor. Makes a charming and lasting cut flower.

2 to 3" bulbs, per doz., \$3.50; per 100, \$25.00; per 1,000, \$200.00.

Mammoth bulbs 3 to 4", per doz., \$5.50; per 100, \$40.00; per 1,000, \$350.00.

JOHNSONI

The old favorite free flowering variety. Crimson with white stripe. Naturalizes readily in the South. Fine pot plant.

Per doz., \$2.50; per 100, \$17.50; per 1,000, \$150.00.

AMARYLLIS—(Cont.)

EQUESTRE

Commonly referred to as "The Tulip of the South" where it is extensively used for cut flowers. Free flowering flame red variety. Equally useful for greenhouse culture in the North.

Per doz., \$1.50; per 100, \$10.00; per 1,000, \$85.00.

CRINUMS

These large decorative bulbous plants are very popular in several southern states. In the north, they will need considerable winter protection.

FIMBRIATUM

One of the most popular of the Crinums. Pure white with lavender-pink stripes through centers of petals. Large flowering bulbs.

Per doz., \$1.50; per 100, \$10.00; per 1,000, \$85.00.

AMERICANA

Commonly known as the spider lily. Flowers profusely all summer. Umbels of pure white, drooping flowers. Large bulbs.

Per doz., \$1.50; per 100, \$10.00; per 1,000, \$85.00.

CRINUM FIMBRIATUM

F. Rynveld and Sons, 350 Greenwich Street, New York

Glorious Cannas

*Most Popular and brilliant of all
Summer Bedding Plants*

MONT BLANC IMPROVED. Almost pure white, large flowers, 3½ feet.....	4.20	35.00

"World's Foremost Bulb Growers"

Arum Cornutum

"MONARCH OF THE EAST"

As it blooms
in the home

This unique bulb was becoming very popular when the embargo went into effect and it has taken us several years to develop a sufficient stock in this country to justify a general offer at a reasonable price.

In a dry state it will, in any ordinary living room temperature (see illustration at left), throw up an odd growth of mottled gray foliage and stalk with a semblance of flower. This is accomplished without planting. The same bulb can then be put outdoors when the weather warms up and will produce a beautiful green foliage plant (see illustration at right).

When displayed for sale in the spring months, the bulbs start at once their usual growth right on the counters and such an oddity proves quite an attraction and makes them ready sellers.

Mammoth bulbs—per dozen, \$2.25; per 100, \$15.00; per 1,000, \$140.00.

As it grows
in the garden

African Lily

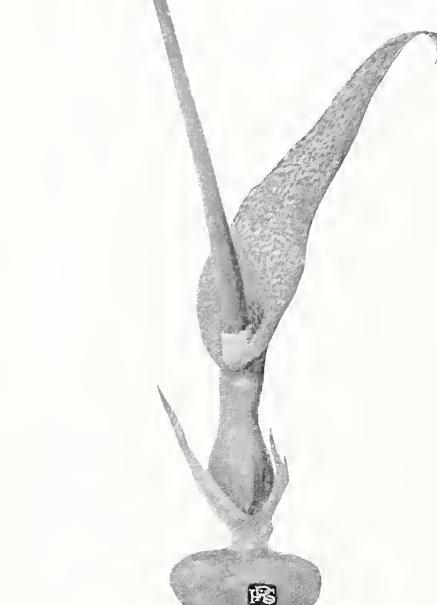

(*Amorphophallus Rivieri*)

This bulb likewise blooms without planting. It produces a Calla like shaped flower with a combination of red colors on a stem of mottled green with white spots. It attains a height of over six feet and the flower itself is nearly three feet high. It has no foliage in this stage; but after dying down it can be transferred to the garden where it produces an attractive palm-like appearing plant. Bulbs less than four years old will not produce the effect in the dry stage.

Prices: 4 year old bulbs, each \$4.50
3 year old bulbs, each 1.50
2 year old bulbs, each 1.00

We sell 6 bulbs at the
dozen rate, 25 at the
100 rate and 250 at the
1,000 rate. Special
prices can usually be
made on large quantities.

ARUM CORNUTUM

Tuberous Rooted Begonias

With a dependable supply of satisfactory stock now being produced in California, these bulbs are once again assuming their old popularity. In addition to making a very fine pot plant, they are most beautiful for outdoor bedding especially in semi-shaded locations. For an early showing it is desirable to start the bulbs under glass before planting, but they will come along nicely a little later in the season if planted in a dormant state. We offer large first-size bulbs as follows:

SINGLES in separate colors:

DOUBLE BEGONIA

F. Rynveld and Sons, 350 Greenwich Street, New York

We are the largest handlers of Caladiums in the Country

CALADIUM ESCULENTUM

Caladium Esculentum

"Elephant's Ear"

There is always a popular demand for these highly decorative tropical plants, and florists should arrange to have a good supply already started in pots for summer bedding. These bulbs also are quick sellers for store trade. Our stock is clean, healthy and carefully graded.

	Per Doz.	Per 100	Per 1,000
Caladium Esculentum, 5/7"	\$0.50	\$3.00	\$25.00
Caladium Esculentum, 7/9"	.75	5.00	45.00

Caladium Esculentum, 11/13"	3.50	25.00	200.00

For Fancy Leaved Caladiums see pages 12-13.

Dielytra Spectabilis

(BLEEDING HEART)

We have been advocating the more extensive use of this beautiful decorative plant for several years and those of our customers who have availed themselves of our suggestion have profited. It is used extensively as an early spring pot plant and is a fine specialty for St. Valentine's day. The cut sprays are also useful. It is perfectly hardy and makes a splendid showing in the perennial border or when planted with early bulb stocks.

We are the largest growers of this very useful plant and offer large clumps suitable for forcing or outside planting.

Doz., \$5.00; 100, \$35.00; 1,000, \$325.00

Eucharis Amazonica

This beautiful subject deserves to be better known for there are few flowers that equal it. In the South it makes a useful house or garden plant while in the North it is confined to greenhouse use. Several large florists have recently made extensive plantings. The foliage resembles the green aspidistra while the flowers are like giant white Narcissus borne in clusters on stems from 12 to 16 inches. We offer established plants from pots from our Florida farms, each 60c; per doz. \$5.50; per 100, \$40.00.

EUCHARIS AMAZONICA

GLOXINIA

Gloxinias

We have secured a nice lot of Gloxinias in sound, well graded bulbs and offer them in separate colors.

Per dozen, \$3.60; per 100, \$25.00; per 1,000, \$225.00.

Colored Calla Lilies

ELLIOTTIANA

The supply of these Callas was unusually short this past fall; but we have reserved a supply for our Spring trade. In addition to being very popular for cutflowers and pot plants, it is also being rather extensively used as a bedding plant.

1 1/2 to 2 in.: Doz., \$1.75; 100, \$12.50; 1,000, \$110.00

BLACK CALLA

This unique plant has a value as a novelty and is always interesting.

Doz., \$3.00; 100, \$25.00

ALBA MACULATA

This Calla is prized for its beautiful spotted foliage which makes it a desirable pot or bedding plant.

Doz., \$1.70; 100, \$12.00

PINK CALLA

This pretty little Calla is again available in limited quantity. It may be planted outside when frost is over or in the greenhouse at any time.

Each, 60c; doz., \$6.00

"World's Foremost Bulb Growers"

Miscellaneous Bulbs and Roots

Chlidanthus Fragrans

A delightful summer-blooming plant, resembling the Zephyranthes; can be grown indoors or planted outside in early summer. Flowers are yellow, borne in umbels of from 4 to 6 flowers.

Price per doz., \$1.00; per 100, \$7.50

Ismene (Pancratium, Hymenocallis)

Very handsome greenhouse or conservatory bulb, that makes an uncommon and quick selling pot plant for the florist.

CALATHINA, the variety we offer, is known as the fragrant "Peruvian Sea Daffodil"; grows about 18" high with large white, frilled, trumpet shaped flowers.

Price per doz., \$1.75; per 100, \$12.00

Tigridia Pavonia

Known also as the "Tiger" or "Shell Flower," few gardens or conservatory plants can compare with them for brilliancy. Colors vary from yellow and white to brilliant scarlet, all being deeply blotched and speckled with crimson and maroon.

Price per doz., \$2.25; per 100, \$15.00; per 1,000, \$120.00

TIGRIDIA (SHELL FLOWER)

Tritoma

"Red Hot Poker" or "Flame Flower"

These are very showy decorative plants and are being profitably grown for cut flowers. They seem to do particularly well at our Long Island farm. We offer strong divisions as under

PFITZERI. This is the leading variety. It is a prolific bloomer and the flowers are a beautiful flame red color.

Per dozen, \$2.00; per 100, \$15.00

RUFA. This is a dainty variety that is becoming very popular. Tall slender flowers and foliage. Orange yellow. Good for forcing.

Per doz., \$1.75; per 100, \$12.00

DWARF HYBRIDS or ROCKERY HYBRIDS. Very desirable for low positions in Rock Gardens and odd nooks in the front of the perennial border. They grow about 12" to 18" high and vary from "corn color" to deep yellow and orange. Very decorative.

Price, Dozen \$1.75; 100 \$12.00

HYACINTHUS CANDICANS

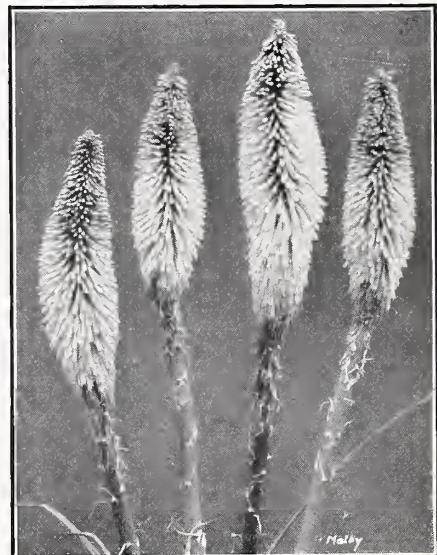

Hyancinthus Candicans

Commonly known as Summer Hyacinths. Grows to a height of about 3 feet. They are very ornamental for borders. Large Bulbs.

Dozen, \$1.00; 100, \$7.25; 1,000, \$60.00

ASK FOR THESE FREE DISPLAY CARDS

We have a nice collection of Lithographed Display Cards of most of the popular Spring bulbs and will be pleased to supply them free with every order. Ask for them if you want them.

TRITOMA PFITZERI

F. Rynveld and Sons, 350 Greenwich Street, New York

LILY OF THE VALLEY—"NEWPORT" BRAND

'Valley' for Out-doors

This is a special grade that we import especially for the purpose—not seconds, culs or carried over stock—but full size pips of the new crop each of which will throw a large spike. We have developed a nice business in this item and every florist will find that a planting will bring a good early return. It is a splendid item for counter trade.

Per case of 250.....	\$ 4.50
Per case of 500.....	8.00
Per case of 1,000.....	15.00
Per case of 2,500.....	35.00

Tuberoses (Double and Single)

The supply of Tuberoses is more plentiful and florists are again taking hold of them in considerable quantity for cut flower purposes. We handle the bulk of the Tuberose crop and we are able to make a selection of well cured stock particularly adaptable to this trade.

DWARF DOUBLE PEARL. 6/8 inch.....	Per Doz. \$1.00	Per 100 \$6.00	Per 1,000 \$50.00
DWARF DOUBLE PEARL. 4/6 inch.....	.50	3.30	27.50
DWARF DOUBLE PEARL. 3/4 inch.....	.25	1.80	15.00
MEXICAN (Single)50	3.00	25.00

ZEPHYRANTHES

Zephyranthes

We are paying a lot of attention to the development of stocks of the many beautiful varieties of Zephyranthes as we are sure that this is an item that can find a place in every garden and prove extremely useful as a pot plant. The flowers develop very rapidly with practically no care.

CARINATA (Rosea). Soft rose pink with white center—very beautiful. Height 8". Per 100, \$5.00; 1,000, \$40.00.

ATAMASCO. The true "Zephyr Lily." Very pretty pure white flowers. Per 100, \$3.00; 1,000, \$25.00.

TUBEROSE, DWARF PEARL

Lily of the Valley

FORCING STOCK

Experienced "Lily of the Valley" forcers are far more interested in the quality of the stock they purchase than in the prices they pay. They have established to their satisfaction that a few dollars more in the purchase price comes back to them several times in their sales return when they get proper quality.

To retain and yearly add to our large Valley importations is conclusive evidence that we are supplying the kind of stock that makes money for our customers.

Our Valley is inspected during the growing season and packed under the supervision of our own men.

LUBECK PIPS (Extra Quality)

This type contains more bells and makes a stronger plant than any other.

Case of 250.....	\$11.00
Case of 500.....	21.00
Case of 1,000.....	40.00

(We have eliminated cases larger than 1,000 for we find these large pips keep better in these small units.)

NEWPORT BRAND (Finest Quality)

With the exception of the Lubeck pips these are the finest pips grown in Germany. They represent the pick of the crop from the Wittenberg section as well as those grown on sandy soil in the vicinity of Hamburg.

Case of 250.....	\$10.00
Case of 500.....	19.00
Case of 1,000.....	36.00

(Cases of 1,000 are the maximum size in this grade also.)

VIERLANDER PIPS (First Quality)

This type is grown in the heavy soils of the Vierlander section of Hamburg. Neither the crowns or the roots are as strong as those produced in other sections but they keep well and adapt themselves to late forcing and for this purpose are extensively used.

Case of 250.....	\$ 8.50	Case of 1,000.....	\$30.00
Case of 500.....	16.00	Case of 2,500.....	70.00

These prices include storage to February 1. For shipments after this date the following additional monthly charges for storage are made:

Per case of 2,500, 60c; per case of 1,000, 30c; per case of 500, 25c; per case of 250, 20c.

"World's Foremost Bulb Growers"

Anemones—St. Brigid and De Caen

Anemones are among our prize bulbous flowers and those who have been successful in forcing them have been amply repaid. The flowers are invariably sold quickly at good prices. They provide color effects that are unsurpassable with other subjects. The bulbs bloom over a long period and with successive plantings a good cut can be maintained over the whole season.

Our Anemones have been giving splendid results for many years and we have an extra fine lot to offer for this year.
DE CAEN. The single petalled form. All the colors are represented in this type.

ANEMONE ST. BRIGID

Ranunculus

We have started many greenhouse men in the growing of Ranunculus and they are making money on them. The Domestic bulbs are larger than those formerly imported and seem to force better. If your trade can use "something different" we suggest that you try them.

The giant French Ranunculus resemble in form a miniature pompon Dahlia but are as brilliant and varied in coloring as the Poppies and Anemones. In forcing them, give the same treatment as Anemones, but they do not mature quite as early.

Rosalie, soft pink	Per doz.	\$.75

F. Rynveld and Sons, 350 Greenwich Street, New York

SANSEVIERIA
LAURENTII

Sansevieria, The Modernistic House Plant

While these plants have for a long time been extensively used for garden and porch box work in the extreme south, (where they are commonly referred to as Snake Palms) it is only within the past few years that their decorative and keeping qualities as a house plant have been generally recognized.

They can well be termed "The Plant Immortal" for they can stand more neglect and abuse in the home than any other plant and they fit in admirably with our present day decorative ideas. Their value is now spreading rapidly and today they are undoubtedly the most popular house plant.

With our equipment for the production of these plants at our locations in central Florida, we are engaging in their culture extensively, and plan to market during 1930 a greater quantity of finished plants than any other source.

The stock offered below is for delivery from the Spring crop of 1930 and will be ready for shipment in April and May. Prices are for bare rooted plants, wrapped in sphagnum moss and wax paper, and are quoted F. O. B. growing stations central Florida.

ZEYLANICA

Light green with cross bands and spots of dark green.
Size "A"—1½ leaves with large leaf minimum height 8", per 100 \$12.50.

Size "B"—2 leaves with minimum height 10", per 100 \$16.00.
Size "C"—3 leaves minimum height 12", per 100 \$20.00.
Size "D"—4 leaves minimum height 16", per 100 \$25.00.

The minimum shipping quantity is 100 plants each of either sizes "A" or "B" or 50 plants each of "C" or "D".

NOTE: The various methods of propagation to produce plants of each form. We have quoted on the most usual sizes but are prepared to submit prices on either shorter or taller stock upon application.

SANSEVIERIA ZEYLANICA, Showing 4 Sizes

LAURENTI

The leaf colorings are the same as Zeylanica. Band of cream yellow circles the outside of the leaves.

Size "A"—2 leaves minimum height 18", per 100 \$45.00

Size "B"—3 leaves minimum height 18", per 100 60.00

Size "C"—4 leaves minimum height 18", per 100 75.00

Size "D"—5 leaves minimum height 18", per 100 125.00

Minimum shipping quantity 50 plants of any one size.

GERMAN IRISES

Japanese Irises

Japanese Irises are very easily grown and adapt themselves to almost any soil condition. They bloom in June and closely follow the German Irises. Their graceful, giant blooms on long stiff stems make them ideal decorative flowers. The colors range from vivid blues, purples and crimsons to delicate lavender and white. Our stock is produced from seed and contains many striking and novel color combinations.

Fine Assortment of Mixed Varieties in a wide range of colors. Doz. 75c; 100, \$5.00; 1000 \$40.00.

JAPANESE IRIS

German Irises

"World's Foremost Bulb Growers"

Rynveld

In possibly no class of bulbs is as much interest being shown as in the beautiful hardy lilies, and real efforts are being made in the various producing centers to develop stocks that have been available heretofore only in limited quantities. We are offering some of the most popular kinds and our large volume of trade enables us to make very reasonable prices.

LILIMUM UMBELLATUM

LILIMUM HENRYI. We have a good stock of this fine Hardy Lily in large size bulbs. Tall stately heads of beautiful orange colored flowers. Flowers in July and August. Should be planted deep for best success.

8/10 in., per 100.....\$35.00 Per case of 170 bulbs.....\$52.50

LILIMUM HENRYI

LILIMUM REGALE (*Myriophyllum*). The beauty of this fine Lily is well known and it stands unequalled among those which will thrive in this country. The trade has long awaited a supply of these bulbs at reasonable prices, and we are now glad to have a stock sufficiently large to enable us to make a general offer.

In this latitude the Regale Lilies bloom in early June and about the same time as *Lilium Candidum*. They have white trumpet flowers with slight pink and other colored stripes on the lower petals and are very fragrant. The bulbs we offer are good flowering size and we suggest that they be left undisturbed for several years as they will then enlarge annually and throw much larger flower spikes.

	Doz.	100	1000		Doz.	100	1000
4/6 in.....	\$ 5.00	\$37.50	\$350.00	7/9 in.....	\$ 8.00	\$60.00	\$550.00
6/8 in.....	6.00	45.00	425.00	8/9 in.....	10.00	75.00	700.00
9 in. and over.....					\$13.50	\$100.00	\$900.00

TENUIFOLIUM. A very graceful lily of low stature with handsome grass-like foliage. Flowers are deep glistening scarlet, from 12 to 20 of them hanging from a single spike. A fine lily among dwarf perennials or in the Rock Garden.

Price per 100, \$15.00

LILIMUM TIGRINUM (Tiger Lily.) Tiger Lilies are splendid for Hardy borders and naturalizing. They make excellent cut flowers and thrive where many other varieties will not do well. Deep orange with black dots.

	Doz.	100	1000		Doz.	100	1000
Single	\$0.90	\$6.00	\$55.00	Double	\$1.00	\$7.00	\$65.00

UMBELLATUM. This is a species in which the flowers are held in upright umbels and vary in color from yellow, to deep orange, scarlet and crimson. Grows about 2 ft. high; very hardy and of great brilliancy.

Price per 100, \$10.00

A HOUSE OF GIGANTEUM

See what the customer says:

Lansdowne, Pa.,
June 9, 1928.

F. RYNVELD & SONS,
350 Greenwich Street,
New York City, N. Y.

Dear Sir:

We received three cases of lilies from you in December and were not planted till February 15, and were all in for May 30. I want to state that these were the finest lilies I have ever seen, every bulb producing a long stem with 4 to 6 blooms on each one.

I am giving your salesman an order for 25 more cases.

Yours truly,
Wm. A. Leonard, Jr.

Miscellaneous Climbing Vines

CINNAMON VINES. Hardy climbing vine, makes dense foliage with small cinnamon scented flowers. Per doz., 50c; per 100, \$3.50; per 1,000, \$30.00.

MADEIRA VINES. Makes a quick, dense growth of ivy-like foliage which is covered in late summer with small spiral trusses of white, sweet scented flowers. Per doz., 50c; per 100, \$3.00; per 1,000, \$25.00.

ANTIGNONON (Coral Vine). In the South, where this climber is frequently seen, it ranks as the most popular. It is a quick and rank grower and makes a beautiful spray of coral pink flowers not unlike a sweet pea. Per doz., \$1.65; per 100, \$12.00; per 1,000, \$110.00.

Florists' Forcing Lilies

There is a vast difference between Giganteum bulbs as produced in the various sections of Japan and we have for years been making a careful observation of the different stocks. For the past few years the bulbs we have delivered have produced far better than any other stocks that we have seen or that have been reported to us. This year we will have our supply from the same dependable producer.

From Cold Storage

LILUM GIGANTEUM

This variety is used most extensively by specialists. Demands an even temperature of 50 degrees at start and then 60 degrees after well rooted.

The supply of Giganteum is very short, especially in the larger sizes.

7/9 in., packed 300 to case.....	Per case \$40.00
8/10 in., packed 225 to case.....	Per case 47.50
9/10 in., packed 200 to case.....	Per case 50.00

GENUINE LILUM ERABU

This Lily has demonstrated that it is well adapted to cold storage conditions for use during the spring and early summer months.

7/9 in., packed 300 to case.....	per case \$30.00
9/10 in., packed 200 to case.....	per case 35.00

(Cold storage charges extra on above Lilies, 25c per case per month from January 1st.)

RYNVELD'S PACKAGE FERTILIZER

BONE MEAL

"World's Foremost Bulb Growers"

These Wrapped Ferns are the Most Popular Store Seller in the
Horticultural Line

Rynveld's Florida-Grown WRAPPED FERNS

WRAPPED BOSTON FERN

While not particularly adapted for reestablishing by florists, these wrapped ferns are a great counter attraction and sell quickly at their market prices. We are the largest individual producers and shippers, and annually distribute several millions over a widely scattered area east of the Mississippi.

Every fern that we offer has been transplanted at least once and this means a more compact set of fibrous roots, which in turn enables the ultimate buyer to readily establish it when potted up and placed in the home.

The roots of each fern are covered with damp Sphagnum moss and wrapped with heavy wax paper which retains the moisture and assures arrival in good condition, and further maintains the fresh appearance when displayed on the counters.

We ship in light, solid, corrugated paper-box containers, which considerably lessens the weight and reduces the transportation costs.

Approximate packed weights per 100 ferns: **Bostons**—28 lbs. **Plumosus**—22 lbs. **Sprengeri**—35 lbs. **Leather Leaf**—35 lbs.

BOSTON

This is the most popular variety. It establishes itself quickly and makes a fine house plant. We have a large stock of compact, well-grown plants.

ASPARAGUS PLUMOSUS

This ranks as the second best seller. In the early stage of growth it makes a compact plant and later the fronds lengthen and trail.

ASPARAGUS SPRENGERI

This is a sturdy variety that is largely used in late spring for hanging baskets. Its trailing nature makes it specially useful for this purpose.

LEATHER LEAF

So called on account of the tough texture of the fronds. Makes a beautiful plant and will maintain itself under favorable house conditions. We believe this is the first general offer of this fine variety at the low price.

PRICES

All Four Varieties are Offered at One Price in Units of Not Less Than 100 Ferns as Follows:

Regular First Size

Per 100	\$6.50
In lots of 300 or more, per 100	6.00

Extra Heavy Size (usually retails at 25c)

Per 100	\$8.50
In lots of 300 or more, per 100	8.00

Write for prices on large quantities.

These prices are f.o.b. our shipping station Rynveld's Fernery, Plymouth, Fla.

NOTE!

Clear and complete instructions are printed on each wrapper. It enables your customer to take proper care of the plant and tends for greater satisfaction and increased sales.

WRAPPED LEATHER LEAF

Hartland Advertising Service, Horticultural Printers, 154 Nassau Street, New York, N. Y.

PEONIES

We are growing a nice block of Peonies on our Long Island Farm and the plants look particularly well this season. No flowers are cut from this stock and thus the full strength of the plants is reflected in the roots we send out.

We list below the most important kinds of which we have good quantities but we are also growing many other kinds that will be quoted upon application.

Shipments—All varieties are offered in 3 to 5 eye divisions for September and later delivery.
